Due itinerary of the World March for a World Without Wars

“ So that the clamor of millions is listened in the world that want the peace and the end of the wars. So that the forces of the pacifism and the non-violence are a majority and make to feel his voice. ”

It is the first World March that will cover the whole planet asking for the end of the wars and the nuclear weapon.

An organized action for the first time on a global scale that wants to assemble all the organizations and persons who see in the pacifism and the non-violence the real exit to the world situation.

It is a denunciation and simultaneously a warning to the violent governments that are taking the humanity to a blind alley.

It is an action directed to rescue the best of the diverse cultures and villages of the Earth; directed after make come together the wills of the whole civil society to eliminate definitively the social mark of the wars.

When?

The march will begin in New Zealand on October 2, day anniversary of the birth of Gandhi and declared by the United Nations, International day of the Non-violence. It will finish in Santiago de Chile on December 30, 2009. It will last 90 days, three long months of trip. It will spend to itself for all the climates and stations, from the torrid summer of tropical areas, several deserts, up to the Siberian winter.

The longest stages will be the American and the Asiatic, both of almost one month.

Who?

The participation in the World March will be much opened to all the individuals and groups that they syntonize with his spirit. They will be able to be informed of very diverse ways: joining the MM and his activities in some part of his trip; Also organizing and promoting activities; and in a Web place it will be possible to take part also virtually. We aspire that are thousands or hundreds of thousands, I hope millions of persons of all the continents.

Why?

- ✚ **To denounce:** The dangerous world situation that takes us progressively towards a blind alley and towards the wars with nuclear armament. What would suppose the biggest human catastrophe of the history.
- ✚ **To make to listen to the voice:** Of the majority of the citizens of the world who are not in favor of the wars and the arms race. Quite we suffer his consequences. Few ones manipulate us because we do not give a close sign. But it is time of that each one shows his position, his rejection. It gives your sign.
- ✚ **To propose:** Disappearance of nuclear weapon - Progressive proportional reduction of the armament - Signature of agreements of not aggression between countries - He gives up of the governments using the wars as way to solve conflicts - To include this topic in the constitutions.

Why?

- ✚ Because the famine in the world can be solved by 10 % of what wears out in armaments. Can we imagine if 30 or 50 % will be destined, to improve the life of the people instead of applying it in destruction?
- ✚ Because to eliminate the wars will represent to go out definitively of the human prehistoric times and to pass of giant in the evolutionary way of our species.
- ✚ Because in this aspiration he accompanies us the force of the voices of thousands of previous generations who suffered the consequences and whose echo keeps on being listened today in all the places where the wars are leaving his sinister stela of dead persons, missing persons, disabled persons, refugees and displaced
- ✚ Because a " world without wars " is a proposal that opens to us the future and aspires to materialize in every corner of the planet so that the dialogue is substituting the violence.

There has come the moment to make to hear the voice of them without voice, million human beings for that they ask out of necessity them to finish the wars: we can obtain it joining all the forces of the pacifism and of the active non-violence of the world.

We summon then both persons and representatives and members of organizations, groups, groups, political parties, companies, whom they plunge to this Big World March for La Paz.
